Have you had an accident that's not your fault?

We've all been there!

With all the confusion many of us don't know what to do and how to cope!

That's where our "Vehicle Accident Claims" business opportunity comes into play!

People are just "NOT" aware, that because it's not their fault, they can get assistance straight away, regardless what type of insurance they have.

"Oh no I only have third party insurance, my cars written off, how will I get to work?"

Don't' worry, we have you covered...

One of many questions going through their minds at this stressful time!

This and many other questions that they just do not need to worry about...

As the accident was not their fault, their insurance is not effected in this way!

Its the third parties (Person at fault) insurance that has to pay all damages.

This means, regardless of their own insurance or not having RAC or AA cover, they are entitled to recovery, car hire, car repair, even legal cover if they have any injuries!

Just one click on their mobile phone and they can just sit back and wait for us to collect their car for repair and then supply them with a hire car in a blink of an eye...

Our innovative online accident management system is designed to remove the time, expense and inconvenience associated with road traffic accidents.

Our primary objective is to offer support, guidance and assistance to our customers at no cost or expense to them. We have access to a nationwide network of approved repairers who will arrange for your vehicle to be uplifted, inspected and repaired with minimum inconvenience and no cost.

No excess, no loss of No Claims Discount and no increase in insurance premium. Should you require the use of alternative transport whilst your own is off the road, we will arrange for you to be provided with a like for like replacement vehicle within 4 hours of notification, with no charge to the customer whatsoever.

We have specialists with over 25 years of experience in the motor insurance industry, all of whom are keen to provide appropriate advice and support, all of which is free of charge.
