ECO3 Scheme**

Government Backed Scheme

Introduction

The Government launched the ECO 3 scheme to help reduce carbon emissions and make peoples homes more energy efficient...

Who qualifies!

More people than you can imagine!

Millions of homes qualify for this scheme, they just don't know about it...

The main requirements are, you must be a homeowner (Private tenants are with landlords permission) claiming some form of benefits and have an old boiler 7 years old or more.

Current products available are:

- Boilers
- Windows
- Underfloor, loft and wall insulation
- Heating systems
- Solar Panels

Replacement Windows...

Yes, you can also have windows replaced as part of the scheme.

Windows are a main part in keeping your home warm and insulated.

Therefore, they qualify for ECO 3 scheme.

So, subject to survey, these can be up-graded for brand new one's, totally free of charge!

Underfloor, wall and loft insulation are all part of the scheme...

The process of application...

Its really easy for people to apply for ECO3 scheme...

Just 4 steps and they can have their new boiler, windows, etc, fitted within a few weeks!

(Subject to customers collaboration)

- Complete a short form
- We confirm their application meets the requirements
- We arrange a survey (Normally within 2-4 days) and collect ID and proof of benefits
- We confirm application is successful (7-10 days)
- We arrange installation (14 - 21 days)

Done!
